Expanding the Competitiveness and Research Capacity at
Institutions of Higher Education

INSTITUTIONS OF HIGHER EDUCATION
OPPORTUNITIES WORKSHOP
& INTERN SYMPOSIUM

U.S. Department of War

WORKSHOP AGENDA

CRYSTAL GATEWAY MARRIOTT
1700 Richmond Highway, Arlington, Virginia, 22202

July 30–31, 2026

Greetings Workshop and Intern Symposium Attendees,

On behalf of the Office of the Under Secretary of War for Research and Engineering (OUSW (R&E)), I am pleased to welcome you to the Department of War Institutions of Higher Education (IHEs) Opportunities Workshop and Intern Symposium. This year, we have integrated these two premier events under a unified theme: "Expanding the Competitiveness and Research Capacity at IHEs." Our core focus areas for this year's event are: Awareness & Access, Strategic Alignment,

Capability Building, and Partnership & Collaboration.

The IHE community is a vital pillar of our defense research activities, particularly in our collective mission to advance Science, Technology, Engineering, and Mathematics (STEM) education. The Department of War remains steadfast in expanding opportunities for IHEs and their STEM students. This combined workshop and symposium represent a direct investment of our resources toward that vital objective.

We have a robust agenda planned over the next two days. I encourage you to actively engage with our speakers, network with fellow attendees, and fully leverage this collaborative environment to build lasting partnerships.

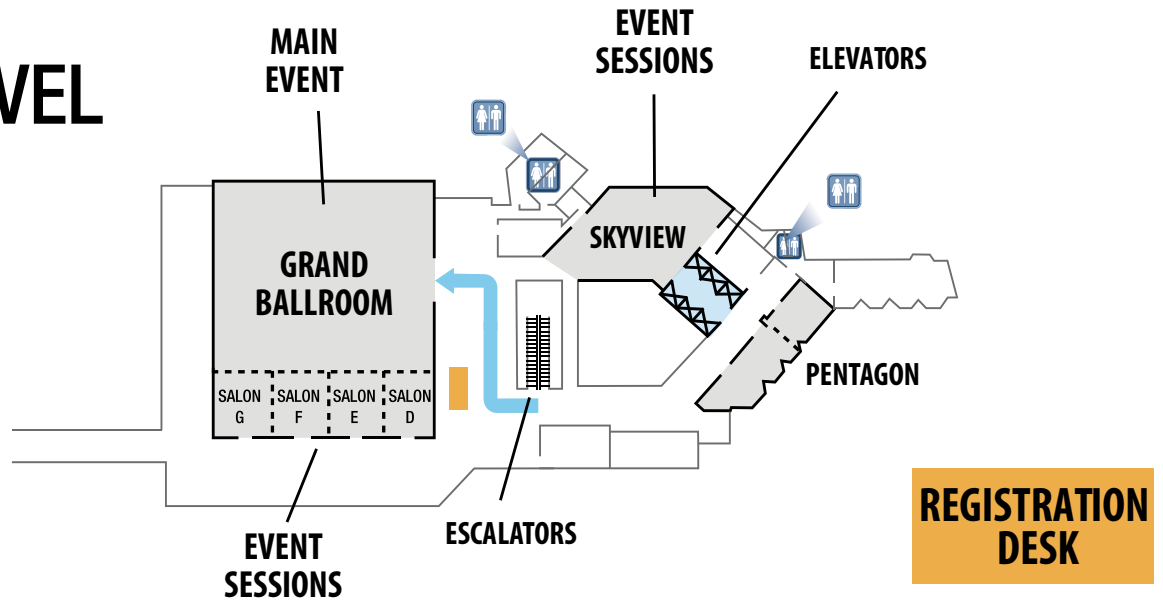

Thank you for your dedication to scientific excellence and its critical role in supporting our national security.

Sincerely,

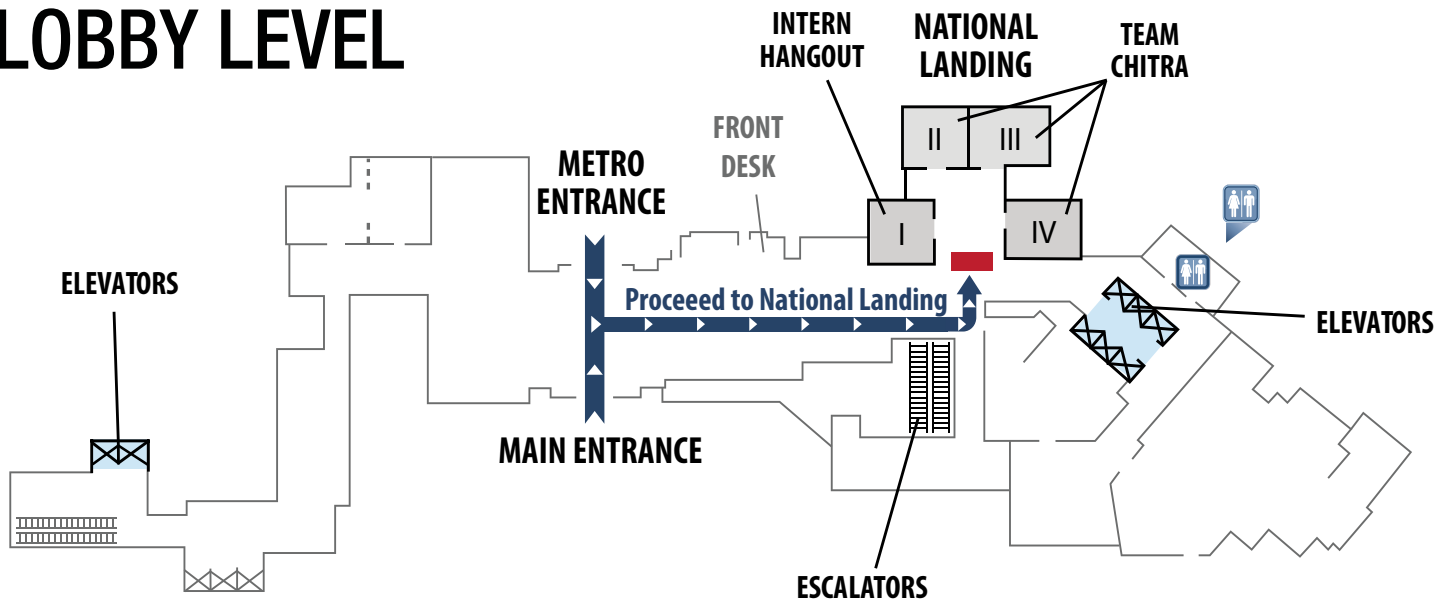

Evelyn W. Kent

Director, HBCU/MI Program and Outreach,
Office of the Under Secretary of War for Research and Engineering

FIRST LEVEL

LOBBY LEVEL

**ELEVATORS TO
PARKING GARAGE**

**INFORMATION
DESK**

8:00am – 8:50am **Registration/Check-In/Breakfast** *Grand Ballroom Foyer*

9:05am – 9:10am **Welcome/Introductions** *Grand Ballroom*

Ms. Evelyn Kent

Director, HBCU/MI Program and Outreach, Office of the
Under Secretary of War for Research and Engineering

9:10am – 9:15am **Welcome/Remarks (Virtual)** *Grand Ballroom*

Honorable Dr. Joseph Jewell

Assistant Secretary of War for Science and Technology, Office
of the Under Secretary of War for Research and Engineering

9:20am – 9:50am **Services' and Agency Funding
Opportunities – Army, Navy, Air Force and
Defense Threat Reduction Agency** *Grand Ballroom*

*Session will feature Program Managers from the Army, Navy, Air Force and the Defense
Threat Reduction Agency (DTRA) presenting new initiatives and opportunities for
research funding in novel and cutting-edge topics of interest to DoW.*

Moderator: Dr. Patrice D. Collins

Branch Chief, Educational Outreach, U.S. Army Combat Capabilities Development
Command, Army Research Laboratory

Panelists:

Dr. Travis King

Director for Basic Research and STEM Outreach, Office of the Deputy Assistant Secretary
of the Army (Research & Technology)

Mr. Anthony C. Smith Sr.

Director of the Navy's Historically Black Colleges and Universities and Minority Institutions
Programs at the Office of Naval Research

Dr. LaShauna Evans

Program Manager, National Science Portal, Air Force Office of Scientific Research

Dr. Treniece Terry

Technical Engagements Program Manager, Defense Threat Reduction Agency

9:55am – 10:25am

SciTechCONNECT Overview

Grand Ballroom

An overview of SciTechCONNECT and the platform's features to help foster connections, simplify collaboration, expand access, and accelerate the path from awareness to action for innovators partnering with the DoW.

Panelists:

Mr. Jason Preisser

Senior Vice President, Federal Programs, Applied Research Institute

Ms. Grace Rhodes

Program Coordinator, Applied Research Institute

10:30am – 10:45am Break

10:50am – 11:35am Fueling Defense Innovation: SMART Scholarships, Innovation Awards, and Academic Partnerships

Grand Ballroom

The SMART Scholarship-for-Service Program provides funding to qualified individuals to pursue undergraduate or graduate education in STEM disciplines critical to DoW's mission and national security. Join the SMART Deputy Program Manager for a briefing on how the SMART Scholarship supports the next generation of scientists and engineers and keeps the DoW at the forefront of innovation. Then, hear from a panel of SMART Innovation Awardees about their journey from SMART scholars to DoW technical experts.

Moderator: Dr Marcus Smith

Deputy Program Manager, SMART Scholarship Program, Office of the Under Secretary of War for Research and Engineering

Panelists:

Dr. Ramanathan Nagarajan

Senior Research Scientist-Soldier Nanomaterials, U.S. Army Combat Capabilities Development Command (DEVCOM) Soldier Center

Dr. Robyn Nadolny

Chief, Vector-Borne Disease Branch, Defense Centers for Public Health – Aberdeen

Ms. Joelle Westcott

Research Civil Engineer, U.S. Army Engineer Research and Development Center (ERDC)

Ms. Megan Driggers

Program Officer, Naval Undersea Warfare Center Division Newport

Dr. Brandon Gusto

Computational Scientist, Naval Undersea Warfare Center Division Newport

11:40am – 12:25pm **Budget, Contracting, Grants and Agreements – Army Contracting Command**

Grand Ballroom

Session will lay the groundwork for developing applications with sound budgets and understanding how to successfully work with DoW contracting and grants officers (pre-award to post-award) and the impact.

Moderator: Mr. Jason Preisser

Senior Vice President, Federal Programs, Applied Research Institute

Ms. Evelyn Kent

Director, HBCU/MI Program and Outreach,
Office of the Under Secretary of War for Research and Engineering

Mr. William Creech

Team Leader, Army Contracting Command Aberdeen Proving Ground, Research Triangle Park Division

12:30pm – 1:30pm **Networking Lunch**

Grand Ballroom Foyer

1:35pm – 2:20pm **Research & Technology Protection and Institutions of Higher Education**

Grand Ballroom

Session will provide an overview of the DoW policy for risk-based security reviews of fundamental research. Attendees will gain insight into the Department's decision matrix used to inform fundamental research proposal mitigation decisions and hear feedback from university personnel on successful mitigation processes.

Moderator: Mr. Klint Snead

Staff Director, U.S. Army Combat Capabilities Development Command, Army Research Office

Panelists:

Dr. Eric Mintz

Professor of Chemistry, Clark Atlanta University

Dr. Ikemefuna Uba

Assistant Professor, Electrical and Computer Engineering Department, Hampton University

Dr. Aswini Pradhan

Associate Professor, Department of Physics, Hampton University

Dr. Cristiano Rodrigues Reis

Assistant Professor, Department of Chemical Engineering, Howard University

Dr. Gulen Ozkula

Assistant Professor of Structural Engineering, University of the District of Columbia

2:25pm – 2:55pm

LinkedIn Live Demo

Grand Ballroom

Join us for an informative and interactive session that simplifies the Federal job application process and enhances your professional networking skills. In this workshop, you'll learn practical strategies for navigating USAJobs and how to create standout profiles and resumes tailored for federal positions. You'll also learn how to effectively use LinkedIn to build a valuable professional network, highlight your expertise, and develop your professional brand.

Mr. Michael Dennis

Senior Electrification & Automation Project Manager, PMO, Siemens Smart Infrastructure

3:00pm – 4:15pm
